

IN THE CIRCUIT COURT IN AND FOR ESCAMBIA COUNTY, FLORIDA

DEEPGULF, INC. and
TOKE OIL AND GAS, S.A.

Plaintiffs,

vs.

MARC M. MOSZKOWSKI

Defendant.

Case No.: 2018 CA 000543

Division: "E"

**SUPPLEMENTAL MEMORANDUM REGARDING SYSTEMIC JUDICIAL
AND LITIGANT MISCONDUCT**

I. PLAINTIFFS AND COUNSEL: SYSTEMIC MISCONDUCT

The Plaintiffs' behavior over the past eight years reflects a systematic pattern of abuse that no competent or honest court should condone:

- Falsified board authorizations
- Fabricated and backdated evidence
- Misuse of a defunct foreign shell corporation to destroy diversity jurisdiction
- False representations to U.S. and French courts and government agencies
- Flagrant disregard for corporate governance norms, and

- The repetition of absurd, mathematically impossible claims, even after these claims were decisively rebutted.

Their attorney has either failed to understand the material or has willfully chosen not to. The filings are sloppy, inconsistent, and legally incoherent. But none of this mattered, because the Court never asked any questions.

II. THE COURT: SILENCE, ENDORSEMENT, ABDICATION

That is where the story turns.

The worst offense is not what Plaintiffs said—but what the Court refused to hear.

- Defendant filed 162 pleadings: zero granted.
- Fifteen were denied, nearly all with one-line orders.
- The remainder were completely **disregarded**.

The Judge did not merely disagree—she refused to engage.

When one side is never heard, the result is not justice—it is a mere **performance**, a **preordained** outcome.

III. WHAT THIS LOOKS LIKE FROM THE OUTSIDE

From any informed vantage—be it legal, international, or historical—this is not a trial.

It is a bureaucratic endorsement of a **false narrative**, promoted by a party that contributed nothing, fabricated everything, and exploited the legal system to punish the one individual who actually did the work.

The Plaintiffs are not just dishonest. They are intellectually dishonest. And this Court—by refusing to apply the most basic tests of plausibility, chronology, or coherence—has enabled that dishonesty to prevail.

This record will endure—not to persuade those who have already closed their eyes—but to inform those who will one day ask: how did the judicial process in Florida allow this **travesty** to become final?

Respectfully submitted this 14th day of July, 2025.
